We want to learn more about students' experiences in our community. This survey asks about your experiences at home, at school, with friends, and in your community, as well as factors that may influence the choices young people make.

There are no right or wrong answers. We want to hear your experiences and opinions, so please answer as honestly as you can. We will keep your responses confidential and combine them with responses from other students when we report the results. You may choose not to answer any question you do not want to answer.

Thank you for taking the time to share your experiences.
